Call for Papers

Main objective: to bring together leading scientists, researchers, PhD students, scholars, and specialists in various fields to present their research findings and discuss the new trends and challenges of regional development.

The conference will address the following themes:

1. Achievements on regional development (from past to present)
2. Challenges and scenarios for the future regional development

The following sub-themes are expected:

Regional disparities; Interdisciplinarity in regional development; Regional spatial analysis; Regional development and urban challenges (gentrification, urban sprawl, mobility, etc.); Creative economy; Best practices in regional governance; Urban and regional horizons (e.g. metropolitan areas); Regional "way of life" or leadership in regional development; Restructuring the "Right to the Regions" - perspective from different stakeholders: NGOs, researchers, decision makers, etc.

Information for Participants

Papers can be presented either in **English** or in **Romanian** as **oral presentations supported by PowerPoint slides** or as **poster-type presentations**. Authors may be listed as authors and/or co-authors on **up to 2 submitted papers**.
